

Hillcrest Caddie Supporters,

I am proud to announce that Hillcrest Country Club caddie, Ben Fencl, has been named as a finalist for the Evans Scholarship! One of our best caddies, Ben is a senior at North Central High School and has worked over 100 loops in his three summers caddying at Hillcrest. Ben's success means this is the 4<sup>th</sup> consecutive year Hillcrest has had a finalist!

This year, there are 16 finalists from across the state of Indiana who will participate in their final interview at the **Indiana Evans Scholar Selection Meeting which will take place via Zoom call this year next Thursday, January 28<sup>th</sup>**. These high school seniors will be vying for the Chick Evans Caddie Scholarship, a four-year, full-tuition scholarship to either Indiana University or Purdue University awarded to those young men and women who have:

- Outstanding academic records
- Outstanding character
- Worked as a golf caddie
- Financial need

In this final stage of the application process, the finalists will field questions over a Zoom call (in a normal year, it is in person behind a podium) in a press-conference-style setting from attendees who are donors of the program and country club members from around the state. Have tissues nearby—some of their stories are jaw-dropping!

**If you would like to attend the Zoom call to see Ben's interview next Thursday, please reply to me ([vsaul@financialguide.com](mailto:vsaul@financialguide.com)) and I will get you a official invitation via a private link.** You are welcome to watch as many interviews as you wish or you can simply logon to see Ben's interview (roughly 10-15 minutes) and then logoff.

I'll be back in touch again when I know what time his interview will take place.

Until then, thank you for your amazing support of the Hillcrest Caddie Program. In 2020, our membership contributed over \$100,000 to the Evans Scholars Foundation and are now on the verge of having our 4<sup>th</sup> caddie in school. Whether you are donating money or requesting caddies for your rounds of golf—or both!—please know what you are doing is, literally, changing the course of young people's lives and giving them opportunities that they otherwise would not have.

Thanks again. I'll be back in touch when I have more information about the interview schedule.

Regards,

Vince Saul
